

## HeskaView+ Update—Sending Email Directly from HeskaView+

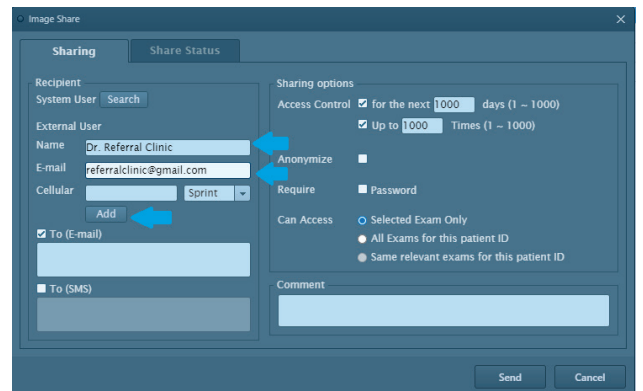

We've now added the capability for users to add multiple recipients when sharing a study in HeskaView+!

To send emails from HeskaView+ please follow the instructions below:

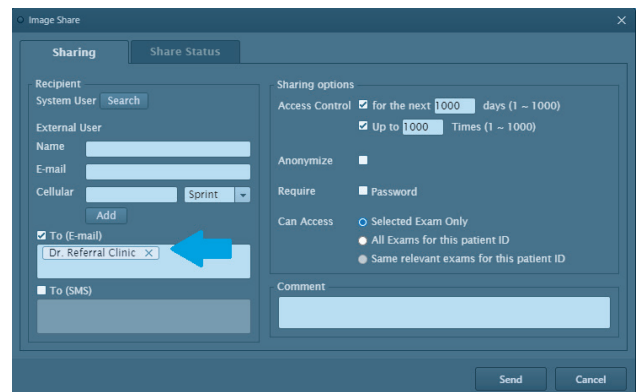

1. Right-click on your study to share and select **Share**

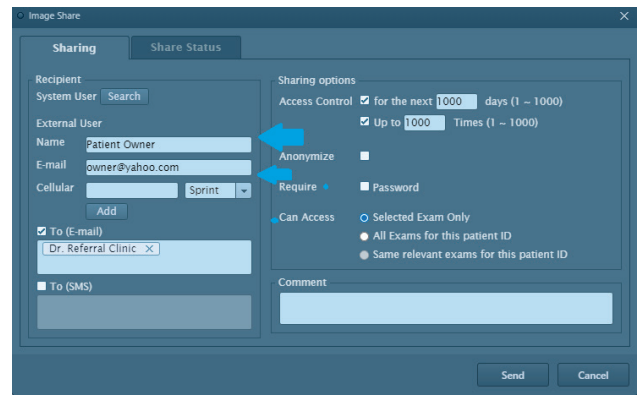

2. Input the recipient name and email in the fields, then select **Add**.

3. Note that the recipient has been added to the "To (E-mail)" field below the Add button.

4. **Send** may be selected now for a single recipient, or repeat the process to add more recipients.

5. When all recipients are added into the "To (E-mail)" box, click **Send**.
